

Deluxe Compliance Package

Part Number: COMPDLX

The deluxe safety product bundle offers excellent safety and compliance for medium to large battery systems. The kit includes required signs, two person spill clean-up, eyewash station and acid resistant aisle mats to meet IFC, NFPA, and OSHA requirements. The 2-channel hydrogen gas monitor includes two sensors for excellent hydrogen gas detection.

Package Includes:

- Qty. 1 Hydrogen Gas Monitor (HYD-2C-1LEL)
- Qty. 1 16 Gallon Eyewash Station (EYEWASH)
- Qty. 1 20 Gallon Spill Cleanup Kit (SCK-20)
- Qty. 1 Deluxe Sign Kit (SIGNDLX)
- Qty. 4 16' x 3' Battery Room Aisle Mats (BRMAT)

Standard Compliance Package

Part Number: COMPSTD

The standard safety product bundle provides added safety and compliance for small to medium battery systems. The kit includes required signs, wall mountable spill clean-up kit, eyewash station and acid resistant aisle mats to meet IFC, NFPA, and OSHA requirements and compliance often required by local jurisdiction having authority. A single point stand-alone hydrogen gas monitor includes a 30' cable from the control unit to the sensor.

Package Includes:

- Qty. 1 Spill Response Cabinet (CAB-SRS)
- Qty. 1 16 Gallon Eyewash (EYEWASH)
- Qty. 1 Standard Sign Kit (SIGNSTD)
- Qty. 1 Hydrogen Gas Monitor (HYD-S)
- Qty. 2 16' x 3' Battery Room Aisle Mats (BRMAT)

Economy Compliance Package

Part Number: COMPECO

This economical safety product bundle provides basic compliance for small battery systems. Signs and spill kit are included to meet the requirements of IFC, NFPA, and OSHA. Eyewash station meets OSHA and ASTM. Optional kits provide an ideal solution for VRLA and Nickel Cadmium battery systems to meet code requirements and regulations.

Package Includes:

- Qty. 1 5 Gallon Spill Cleanup Kit (SCK-5)
- Qty. 1 Battery Room Sign (SIGN-BTRM)
- Qty. 1 Chemical Hazard Sign (NFR3)
- Qty. 1 Eyewash Sign (SIGNEYEWASH)
- Qty. 1 16 Gallon Eyewash Station (EYEWASH)

Economy Compliance Packages for NiCad Applications

Part Number: COMPECO-K

This economical safety product bundle provides basic compliance for small battery systems. Signs are included to meet the requirements of IFC, NFPA, and OSHA. The spill response kit is a single person kit providing personal protection and spill neutralization/cleanup supplies for small battery electrolyte spills. Eyewash station meets OSHA and ASTM.

Package Includes:

- Qty. 1 5 Gallon Spill Cleanup Kit NiCd (SCK-5K)
- Qty. 1 Battery Room Sign (SIGN-BTRM)
- Qty. 1 Chemical Hazard Sign (NFR3)
- Qty. 1 Eyewash Sign (SIGNEYEWASH)
- Qty. 1 9 Gallon Eyewash Station (EYEWASH)

Economy Compliance Packages for VRLA Applications

Part Number: COMPECO-V

This economical safety product bundle provides basic compliance for small battery systems. Signs are included to meet the requirements of IFC, NFPA, and OSHA. The spill response kit is a single person kit providing personal protection and spill neutralization/cleanup supplies for small battery electrolyte spills. Eyewash station meets OSHA and ASTM.

Package Includes:

- Qty. 1 5 Gallon Spill Cleanup Kit VRLA (SCK-5V)
- Qty. 1 Battery Room Sign (SIGN-BTRM)
- Qty. 1 Chemical Hazard Sign (NFR3)
- Qty. 1 Eyewash Sign (SIGNEYEWASH)
- Qty. 1 9 Gallon Eyewash Station (EYEWASH)
